Let us remind you that now is the time to take **De Witt's Sarsaparilla.** It will do you good. It recommends itself. **J. K. Jones.**

## SAILED THE SEAS 38 YEARS.

### One of His Experiences.

For thirty-eight years Capt. Loud followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates one experience as follows:  
"For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was sleeplessness; it was almost impossible at any time to obtain rest and sleep. Having seen Dr. Miles' Restorative Nervine advertised I began using it. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me; but on being assured by the druggist that it was perfectly harmless, I continued it together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Restorative Nervine and Heart Cure did more for me than anything I had ever taken. I had been treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the judicious use of these most valuable remedies, and heartily recommend them to all afflicted as I was."—**Capt. A. F. Loud, Hampden, Me.**  
Dr. Miles' Restorative Nervine and Heart Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, or six bottles for \$5, express prepaid. They are free from all opiates and dangerous drugs.  
**For Sale by all Druggists.**

## SILVER IS SHAKY.

(Continued from First Page.)

everything go through without a hitch; the silver question, however, did not show up as strong as its friends had anticipated.

Ex-State Senator Dick Roe, a silverite of Elk county, did not propose to allow the machine to grind out its grist without a little oil, and when the motion for the appointment of a committee on resolutions was made he was promptly on his feet crying "Mr. Chairman, I object. This is a Republican convention, as I understand it, and I move to amend the motion, and move that the committee on resolutions consist of one delegate from each judicial district."

Seventh district delegate moved to lay Roe's motion to amend on the table, and it was tabled with a whoop, although the whoop against the tabling, was almost as great.

The crowd that succeeded in tabling the motion cheered so loudly they were sure everything was their way and for gold; but Bob Moore of Butler county said to a JOURNAL reporter afterwards, "The gold fellows need not think that is the sentiment of the convention for there are more silver men here than voted to stand by Roe's motion. I am however inclined to think a bimetallic plank will be the best thing we silver men will get."

### WHAT CY LELAND WANTS.

The Financial Plank of the Seventh District Sells Him.  
"I am in favor of a short platform," said Cy Leland, who is managing Major Morrill's candidacy.

"We don't want either prohibition or suffrage in the platform. I am opposed to putting prohibition in the platform because it is not a test of Republicanism. A man may be either a prohibitionist or an anti-prohibitionist and still be a good Republican."

"As far as woman suffrage is concerned it won't help the women or the amendment to put it in and it may injure us. That is why I am opposed to putting it in the platform."

"I am in favor of coining more silver and I think the convention will adopt a silver plank. From what I can learn I believe it will adopt a financial plank something like that adopted in the Seventh congressional district." He handed the reporter a copy of the resolution which voices his sentiments. It is as follows:  
"We favor bimetallicism and are opposed to monometallicism, whether of gold or silver. We believe that by wise legislation the annual output of the silver mines of our country can be added to the money of the country without disturbing the equal values of our gold and silver coin. We are in favor of gold, silver and paper money coined and issued by our National government, interchangeable at par and in volume sufficient to meet the demands of the agricultural and commercial interests of our country."

When Bent Murdock learned of the plan to make the seventh district financial plank the plank of this convention, he said: "Well, that is not what we want, and it ain't all right, but I guess it will have to do, if we can't do any better."

### MORRILL AND HIS MANAGER.

The Major Not So Heavy of Prohibition as Cy Leland.

Cy Leland is not exactly opposed to the "enforcement of all laws," but he says a resolution to that effect would be a resolution which he proposed should cover what the platform should say about prohibition. The only thing this resolution said in reference to prohibition was in the last sentence, which ended: "We are in favor of the enforcement of all laws."

Coney took the resolution to Cy Leland for his approval, but Leland did not approve of it. He read it over but said nothing until he came to the last few words, and then he declared: "That won't go at all. We won't stand any such stuff."

Coney did not enjoy being sat on, but he said nothing; he sent the resolution to Major Morrill by a prohibitionist with an account of what Cy Leland had said, and a demand for an explanation.

Major Morrill lost no time in saying that he was all right on prohibition and said he had a resolution which he proposed should go into the hands of the committee which was even stronger than the statement rejected by Leland. This settled matters and peace was restored.

### HOCH WITHDRAWS.

He Takes His Name Out of the List of Candidates.

At 9 o'clock this morning E. W. Hoch announced that he had withdrawn from the race for governor. His own delegation headed by J. W. Moore, candidate for lieutenant governor, seems to have been an important factor in this decision.

The very excellence of Mr. Hoch's platform and ideal methods in placing himself entirely in the hands of his friends, handicapped his candidacy in the face of the recognized methods of a personal scramble for the office often aided by the pledges and promises of workers whom the successful man finds he must redeem—although they may have been made without his direct knowledge.

Mr. Hoch had a high ideal, which he feared would not under the circumstances receive the recognition of a large number of votes. These circumstances are largely due to the popular delegate desire to get on the winning side. This impression that Morrill was sure to win undoubtedly cost Martin and Hoch votes which would have made the field exceed the number of ballots that could have been cast for Major Morrill on the first call of the roll. Hoch's platform was a splendid one, but it shot over the heads of the delegates to this convention.

### THE PROHIBITION PLANK.

A Committee Appointed by Citizens to Present the Matter.

A meeting was held at Music hall this morning for the purpose of taking action toward securing the insertion of a prohibition plank in the Republican platform.

It organized by electing F. O. Popeo chairman and Richard Wake secretary.

The following resolution was adopted: "Resolved, That it is the sense of this meeting that the Republican party should pledge itself to the just and equitable enforcement of all existing laws and the enactment of such other measures as may be necessary to secure

the moral and civic welfare of the people."

A committee was appointed to act in conjunction with the committee from the Ministerial Union to secure the adoption of a prohibition plank, as follows: F. O. Popeo, H. W. Lewis, F. P. MacLennan, S. Sheldon and J. J. Miller.

### NO UNIT RULE.

Shawnee County Members Wouldn't Get Together to Adopt It.

The Shawnee county delegation tried to caucus last night at the council chamber, but they couldn't agree on anything, so they adjourned.

It was understood that Major Morrill was afraid the delegation might not stand by him, and he wanted Shawnee county with her thirty-five votes to adopt the unit rule. This did not show up in the caucus, however, as when an effort was made to poll the delegation on governor, a delegate moved to adjourn, and the caucus adjourned, the vote being twenty for adjournment to ten against it.

### WYANDOTTE MORRILL CLUB.

It Arrives in Town With Banner, Drum and Pile.

The fight between Geo. W. Martin and W. J. Buchanan is appearing on the surface. This afternoon the Morrill club of Kansas City, Kan., composed of fifty members with a drum corps, arrived and will work against Martin. J. W. Prouditt is the president.

Buchanan is the leader of the Morrill movement in Wyandotte county, and is responsible for the organization of the club.

The club carries a banner bearing its name, and long red, white and blue streamers are attached to the banner, making it a showy looking object.

### PUEBLO FLOODED AGAIN.

But the Water Lack, Ten Inches of It Formed Height.

PUEBLO, Col., June 6.—This city is again inundated. The flood reached here at 3:30 a. m. The Arkansas river is not as high by ten inches as it was on Thursday, but Fountain creek is much higher. Water on the north side is five inches lower than the highest point reached last week; on the south side it is much lower.

The damage is not very great except to railroads, which are badly washed. No trains are running except on the Trinidad branch of the Rio Grande. Wires are down, and the extent of the damage is not known. Trains have been sent north and south to investigate.

Business houses on low ground are inundated, but goods were taken care of before the flood came. No lives have been lost so far as known. The water is now falling rapidly.

### ALABAMA STRIKE BROKEN.

Colored and Convict Labor Keep Up the Coal Supply.

BIRMINGHAM, Ala., June 6.—The miners' strike in Alabama is believed to be practically broken. The output of coal yesterday was 10,000 tons, about one-third of the normal output at this season. Negro and convict labor has prevented a coal famine, and thus the strike has been ineffective. The strikers committee has issued a piteous appeal for aid for their suffering wives and children.

President Fairbank of the Alabama miners has been called to Columbus, O., by a telegram from McBride.

### COMING BY HUNDREDS.

First Session of the National Convention of the National Home Missionary.

OMAHA, June 6.—The first session of the national convention of the Congressional Home Missionary society will convene at 3:30. The city is crowded with delegates and it is thought 2,000 will be present at the first meeting.

The Boston and New York special containing 600 members from those cities arrived at noon. The first business of the convention will be the receipt of the report of the executive committee on missions, which will be made at 4 p. m.

### IN THE HOUSE.

Turner of Georgia in Favor of Repeal of State Bank Tax.

WASHINGTON, June 6.—The house today concurred in the senate bill authorizing the construction of a bridge across the Monongahela river at Homestead; passed the bill extending the time of payment for purchase of lands of the Omaha Indians; adopted a resolution authorizing the payment of \$1,000 from the contingent fund to defray the cost of the armor plate fraud investigation.

Mr. Turner of Georgia addressed the house in favor of the bill to repeal the tax on state bank circulation.

### A BIG BRIDGE MEETING.

To Be Held at the Council Chamber Saturday Evening at 8 O'Clock.

A mass meeting of citizens has been called to meet at 8 o'clock Saturday evening at the city council room to consider the question of building a new bridge across the Kansas river in place of the old one at the foot of Kansas avenue that has been condemned so long. Speeches will be made by Treasurer E. Wilder of the Santa Fe and other prominent men. It is requested that all Topeka interested in the advancement of the project will be present.

### LATEST FROM OREGON.

Democrats Voted the Republican Ticket in Many Localities.

PORTLAND, Ore., June 6.—4 p. m.—Incomplete returns from eighteen counties out of forty-two give Lord (Rep.) for governor, 24,678; Galloway (Dem.) 15,118; Pierce (Pop.) 15,569; Ellis and Herman are returned to congress by increased majorities. The latest figures on the legislature are as follows: Senate, Republicans 18; Democrats 7; Populists 3; doubtful two. House, Republicans 47; Populists 7; Democrats one; doubtful five.

Returns show that many Democrats voted the Republican ticket. Strong Democratic counties for the first time in the history of the state have given Republican pluralities.

### STONED TO DEATH.

Strikers Stop a Coal Train by Committee.

KNOXVILLE, Ind., June 6.—The strikers stopped a train here this afternoon which was hauling coal and killed the engineer, Wm. Barr, of Terre Haute. Barr was killed with stones. The train was on the Vandallia tracks.

### Representative Hall Tonight.

It is announced that Mrs. J. Ellen Foster and other ladies will speak at Representative hall tonight to an overflow meeting.

### FAVORS JACKSONVILLE.

The Law Has Been Tested and Found Wanting.

LONDON, June 6.—James J. Corbett, who is now giving performances at the Grand theater, Islington, was interviewed on the prospects of his match with Peter Jackson. After referring to the offers of different clubs for the fight, Corbett said:

"Of course I shall accept the offer of the Jacksonville club in preference to the one made by the National Sporting club. In the first place there is a decided difference in favor of Jacksonville in the amount of the purse, and in the second place I know that a finish fight can be decided at Jacksonville, as the law has been tested there. I also know that a contest lasting longer than twenty rounds would not be allowed at London. It is curious to me how anxious for a fight this man Jackson has become. I have met two men since he has had a battle, and offered to meet him six weeks before I fought Mitchell, but both he and his manager declined and drew up the present articles, they also fixing the date."

Now, when they see that there is no chance of the prevailing agreement being carried out, Jackson is anxious to avoid a meeting to a finish and wants to draw the money in the hands of the stakeholder and gracefully retire from the ring. Now, when he has learned that I proposed returning to America in July, he announces his intention of sailing for England the same month.

I know his game. He wants to come here and put money for another impossible match and then show for another year supposed anxiety to meet me. If he is so anxious to fight me let him leave the side bet with the present stakeholder until I return to America. He will have no trouble in arranging a contest at Jacksonville, where we can have a fight go to a finish and receive a big purse in the bargain.

"I have cabled Mr. Davies, the stakeholder, to hold my \$10,000 until the details of the foregoing are arranged. If Jackson withdraws his \$10,000 at present deposited with the stakeholder, I will completely ignore him thereafter. This is positively my ultimatum."

### The Conflict.

The attitude of the suffragists and antisuffragists is exemplified in the Hindu tale of the traveler who, seeing an image of the deity in the road without a covering and exposed to the inclemency of the weather, built a little hut of grass over it. Another man, passing by the same way and observing the grass covering, thought that if it should catch fire the image would be injured, and accordingly he pulled it down. The allegory goes on to say that the deity was propitiated by both acts because the intention was good in each case, and so undoubtedly society will be benefited by the present conflict of opinion among women.—Exchange.

### An Act of Justice.

By the enactment of the law granting women the franchise in local school elections Ohio has taken her true position beside the majority of her sister states and does an act of justice only too long deferred. But, commendable as this action is in itself, it is most important as being only her initial move in the line of progress upon this question. The first step is the most difficult, and the principle once conceded other steps are sure to follow until complete victory for equal and impartial suffrage shall be gained.—Geauga (O.) Republican.

### A Dull Boy.

"Thomas, you have disobeyed your old grandmother."  
"No, I didn't, ma."  
"Yes, you did. Have you not been swimming?"  
"Yes, ma."  
"Didn't I hear her say to you not to go swimming?"  
"Oh, she didn't tell us that. She only came out and said, 'Boys, I wouldn't go in swimming,' and I shouldn't think she would, an old rheumatic woman like her, but she didn't say anything about our going in swimming."—Texas Sittings.

### His Limit.

Teacher—I'm a-standin here to show you how to waltz. I don't purfess ter perpare yer fer a ballet.—Life.

### The Kind He Was.

As a procrastinator the colonel was a shining success, and if there was any postponing or putting off or delaying to be done the colonel was the man to do it. His latest effort in this direction had provoked his wife extremely, and she was speaking her mind freely to Maria, the colored cook.  
"I do think," she said, "he is the worst man for delaying that I ever saw."  
"You're right, Miss Ellen," responded Maria. "I've took notice a heap o' times how deleterious de kunnel wuz."—Detroit Free Press.
